## BACE HIRES INDUSTRY VETERAN WITH OVER 30 YEARS OF EXPERIENCE

### *Recycling and Waste Leader Continues National Service Growth*

**CHARLOTTE, NC – (December 20, 2018)** – BACE, LLC, a leading global equipment manufacturer, technology innovator and national service provider for the recycling and waste management industry, announces it has hired Steve Martz, an industry veteran with over 30 years of experience in the Recycling and Waste industry

“Steve has a unique background that covers Technical Service, Manufacturing, Equipment Repairs, Preventive Maintenance Programs and New Product Development. Our number one Customer priority is to reduce Service calls, which saves our customers money and minimizes down time. With our National Service Offering tripling in growth this year, we are fortunate to be able to bring in someone of Steve’s caliber and accelerate our 2019 growth plans,” said Gregory Leon, BACE’s Sr. Vice President of Sales & Marketing.

Frederick Waite, BACE’s Chief Executive Officer, states “We exceeded our growth expectations in 2018 and I am confident 2019 will be another banner year for BACE. Significant growth requires the right leadership components and Steve fulfills an important role for BACE. We are excited to welcome him to the BACE family.”
